Dear Re Project Funding

25X1

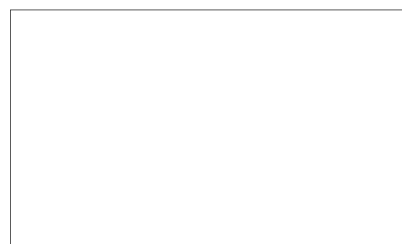

Keith and I will both be out on vacation the next week thus limiting the effort on the project for that week (July 7-11).

We expect to continue work on the project after we return. The work will continue for 2 to 4 weeks in the anticipation of additional funds. After this period we will suspend work until the awarding of new funds, unless we have been assured that they are on the way.

I don't anticipate that there will be any work stoppage however, as I think the way is clear for the granting of these additional funds.

I will call you when I get back July 14th to get your thinking at that time for the most immediate need on the project.

Sincerely yours,

25X1

Project Engineer
